

August 2022

Message from the Chairman of Tidenham Parish Council to local residents.

Dear Residents.

You may have heard or read about the Forest of Dean District Council Local Plan, Second Preferred Option. This document sets out the proposed future and development of house building in the District.

The plan period is 2022 – 2041 and the District Council has started the consultation with towns and parishes but the plan makers are also interested in hearing how local residents feel about the plan.

The Beachley Barracks site is included in the Local Plan as a possible suitable place for major development but other parts of the parish, eg. Sedbury and Tutshill, may also be considered for further house building activity.

As Tidenham Parish is included in the future plans for major house building the District Council will hold a community engagement event on **Tuesday 23 August from 3.00pm – 7.00 pm** in Sedbury and Beachley Village Hall.

The Parish Council is encouraging residents to look at the proposed Plan through the following link and attend the public meeting to ask any questions you may have.

<https://fdean-consult.objective.co.uk/kse/event/36968>

As an individual you can also respond to the consultation by using the above link and let the District know your views about the different suggestions.

The consultation runs till Monday 26 September 2022.

Best wishes.

Jan Koning

Chairman
